

THE 2 GRAN COUPÉ

Is size a physical dimension? Absolutely. But sometimes, rarely, a single encounter manages to make us feel what this term can really mean.

Things that only serve their purpose may take us further. But a new way of thinking is needed to get to where height, width and length create a feeling of absolute freedom.

When something is shaped in such a way that it captivates looks and arouses emotions, the inner values recede into the background. Unless they outdo everything else.

THE 2 GRAN COUPÉ.

218i Gran Coupé Sport.
